

Canberra Glass Works Off the Street Classes !

Owing to the small size of the classes, for example bead making, that has a maximum of two we have decided to purchase gift vouchers that will allow you and a friend to attend a class at a time convenient to you.

Please contact Mick on 6257 4985 ASAP to choose the type of class you would like to do.

Off The Street will be running on:

Thursdays from 10am to 1pm

Saturdays from 10am to 1pm

Sundays from 1pm to 4pm

A bit about Off The Street:

Sessions go for 15 to 20 minutes, and we ask that you arrive 10 minutes early for your session.

Here is a description of the different glassmaking techniques you can get a taste for:

Bead Making – you will work in front of an open flame using a mandrel and glass rods to create a beautiful bead – you will be guided one on one by an experienced artist, and your bead along with two buffer beads and stringing will be posted home to you at no extra cost.

Kiln Forming – you will create a colourful postcard sized tile of your own design. Using precut sheet glass you will arrange the different coloured pieces over a clear base of glass which is then fused in a kiln overnight. A slightly more contemplative technique which will bring out the glass artist in you! Your glass postcard will be available for collection at a later date or posted to you for a small extra fee.

Hot Glass – you will experience the drama of glass blowing in our state of the art Hot Shop! Working one on one with a glass blower you will be guided through making an stylish paperweight. You will work with molten glass, add colour and shape it using different tools to create your own unique piece of glass. Your paperweight will be available for collection at a later date or posted to you for a small extra fee.

Full details of who to contact and how the vouchers are to be used will be provided at the time you are asked to pick them up. Please note that vouchers will not be available until mid November .
